Open up your ears

and hear the breezes say —

ev'ry thing that's cold

and gray is gone.

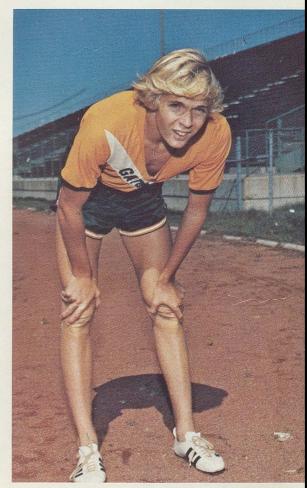

Open up your hands and feel the rain come on down taste the wind and smell the flowers' sweet perfume.

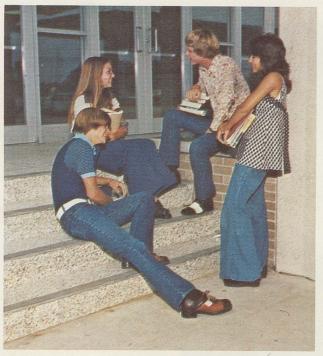

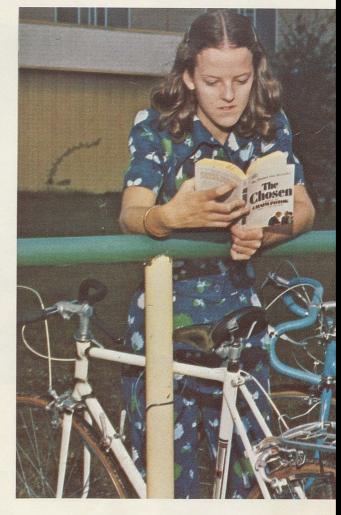

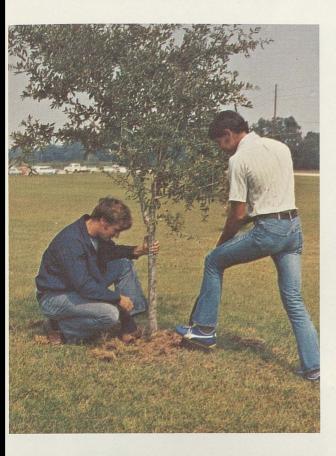

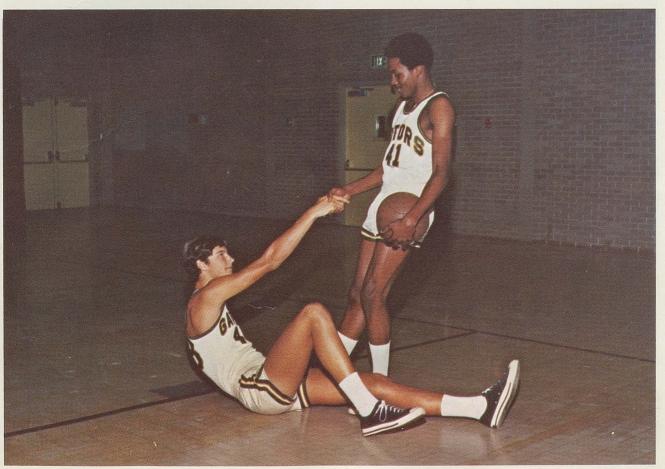

Open up your mind and let the light shine in, the earth has been reborn and life goes on.

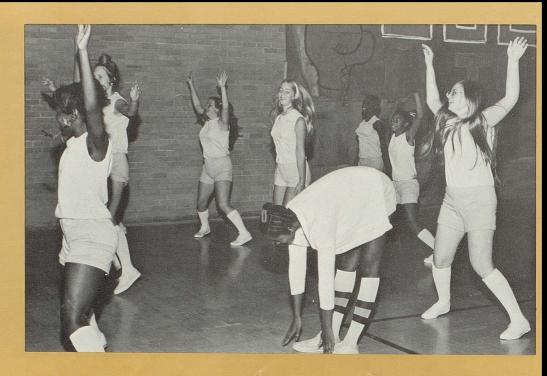

And do you care what's happening around you?

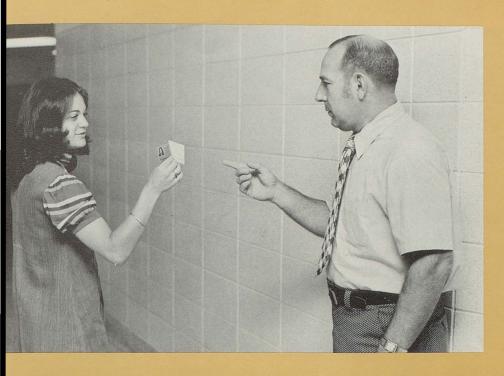

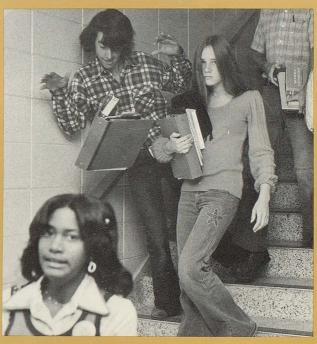

Do your senses know the changes when they come?

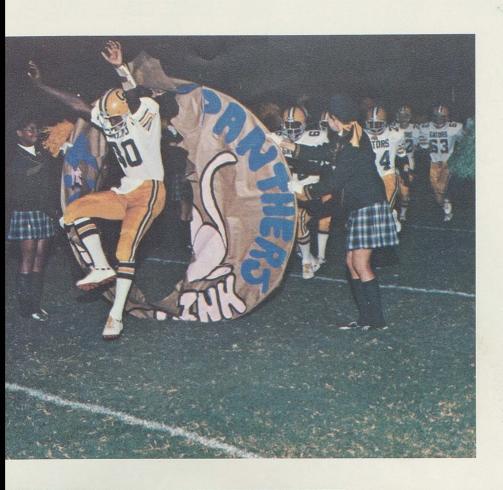

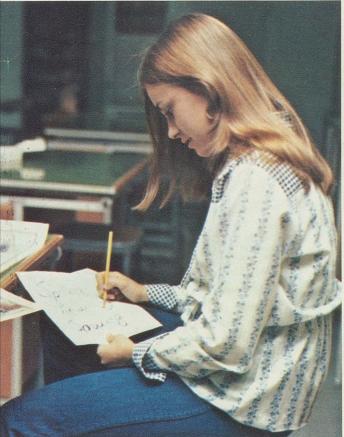

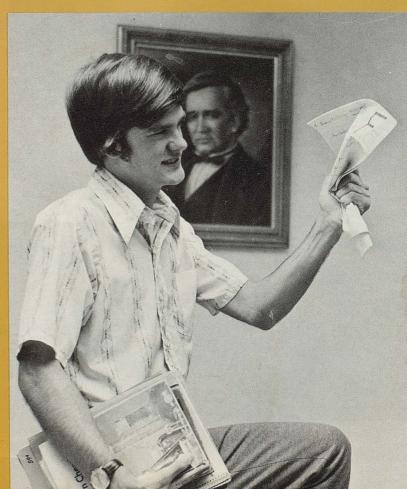

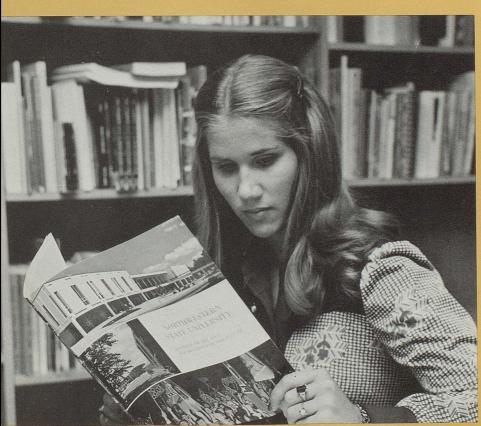

Can you see yourself reflected in the seasons?

# Can you understand the need to carry on?

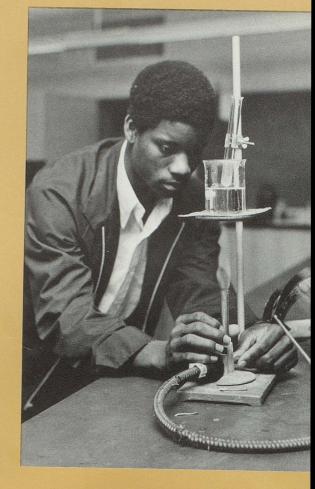

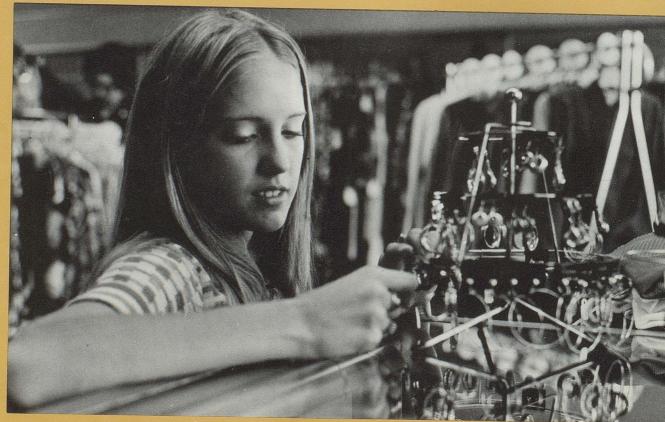

Riding on the tapestry of all there is to see. So many ways, oh, so many things.

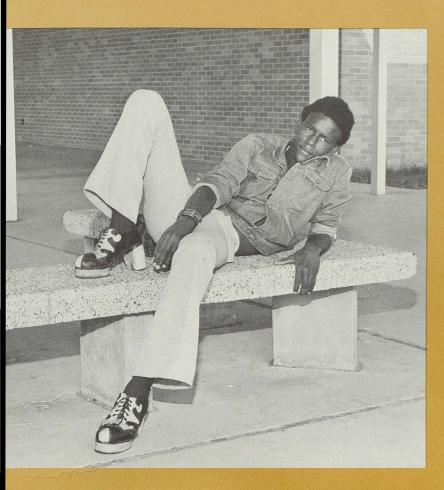

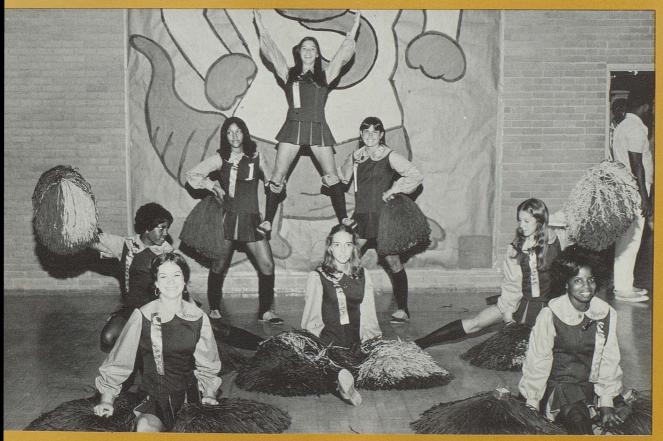

Rejoicing in the differences there's no one just like me, yet as different as we are we're still the same.

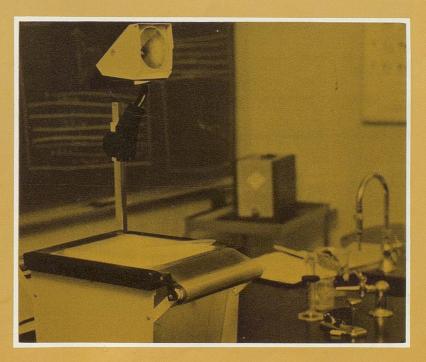

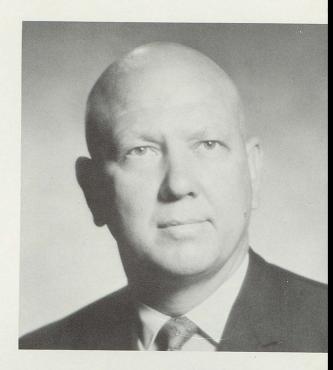

## **ACADEMICS**

# Mr. Powell Reflects School Spirit

During the past year, Mr. Powell promoted school spirit, yet at the same time he maintained a learning atmosphere. Perhaps one of his most memorable efforts was the pep rally in which he was scalped by Mr. Wagner. This was enjoyed by everyone.

Mr. Powell also administered discipline and enforced school rules. This perhaps was one of the most difficult jobs which Mr. Powell performed this year; but it was also one of the most important. The enforcement of rules helped to make Captain Shreve safe for all students and faculty. Mr. Powell's job, important and full of decisions helped to make the past year great.

### **Assistant Principals** Strive For Unity

Mrs. Helen Dear and Mr. Jewell Wagner worked together to achieve total school unity. They aided Mr. Powell in matters ranging from discipline to scheduling school events. They coordinated all of the school's academic and extracurricular activities. They helped lighten the endless load of work present in a school as large as Captain Shreve.

However, besides these responsibilities, they also had many other tasks. Mrs. Dear observed various classes and helped to enforce the dress code, while Mr. Wagner was frequently seen checking hall passes.

OPPOSITE PAGE BOTTOM CENTER: Mr. Jewell Wagner and Mrs. Helen Dear are often found working together. TOP LEFT: Cynthia Fanning pins a spirit tag, purchased from cheerleaders, on Mrs. Dear. BOTTOM LEFT: Juli Gleason finds a surprise waiting for her; Mr. Wagner is checking hall passes.

#### Hard-Working Staff Coordinates Office

This past year the responsibility of operating the main office was left to office staff. This responsibility included many tasks, from answering the phone to making the absentee sheet. However, in the early spring, checking students out and in seemed to be their biggest responsibility.

During football season, the busy office staff assumed another duty. They sold football tickets and kept alumni informed of the teams' schedule. Many people were often seen waiting in lines on Friday mornings to purchase tickets. The industrious staff was ready to help anyone in need of assistance.

#### Counselors Furnish Aid For All Students

The counselors, who were often busy orienting students, also aided other students in a more personal way. They were always available for counseling any student who had problems. Counselors could often be seen conferring with students and their parents.

However, besides aiding students, the counselors also helped prepare students for their future, whether it was a job or higher education. During the past year, the counselors sponsored achievement tests and scholastic aptitude tests. They also obtained representatives from different colleges for students to confer with.

The wide variety of courses offered at Captain Shreve helped to aid students in their understanding of the English language and of the human race in general. From the study of novels to the study of humanities, the students learned more about themselves and others.

Also, with the study of grammar, the students learned to express themselves more clearly, both in writing and in conversation. One of the newer courses, psychology, even helped the student understand the human mind and how it works. The English courses, wide and varied, proved to be most beneficial to all students.

#### **English Courses Broaden Horizons**

The English courses proved not only to teach the students grammar and literature, but they also exposed many students to plays and musicals. Various classes had a chance to observe such plays as Godspell and Arms and the Man. A few classes even saw a cutting from The Cruci-

Mrs. Page's classes tried converting short stories into one act plays. Mrs. Page, who was in community theatre productions during the past year, and Mrs. Sibley, who sponsored the Drama Club, pursued this cultural interest throughout the year in their English classes. This was greatly appreciated by everyone.

#### History Stimulates Student Interest

The wide variety of history courses, ranging from civics to sociology, helped stimulate many students' interests in their past and in their future. Due to the many government scandals, which occurred this past year, the students were given a chance to voice their opinions and to discuss possible solutions.

The students, who were enrolled in one of the history courses, were exposed to various aspects of that subject. For example, Mrs. Cameron's class listened to Paul Harvey everyday. Furthermore, Mrs. Lee's American History class studied Puritans in conjunction with Mrs. Carleton's English classes. These courses helped awaken the student's mind.

# Math Offers Courses According To Ability

The math department at Captain Shreve offered seven various courses. These courses were general math, business arithmetic, senior arithmetic, algebra, geometry, advanced math, and computer programming.

With the many courses offered, students were able to choose math courses by their abilities and interests. Senior arithmetic and general math were good courses for the student who was interested in basic principles. Business arithmetic was taken by students who wanted a sound basis for simple financial needs. Algebra, geometry, computer programming, and advanced math provided a wide variety of more advanced math courses.

#### Science Department Offers Diverse Courses

The function of the science department of Captain Shreve was to introduce students to new and interesting material to further their understanding of the world in which they live. The science department offered a variety of courses which included general science, biology, chemistry, and physics.

Films, lab experiments, science lectures, and visual aids were used to arouse scientific curiosity. General science served as a basic foundation in the many fields of science. Biology dealt with the principles of life of both plants and animals. The study of chemistry dealt with the elements of nature. Physics was the study of energy through experimentation.

# Languages Teach Culture and History

French, German, Latin, and Spanish were the foreign languages taught at Captain Shreve. These courses gave the students a better understanding of English, as well as having taught them the language and culture of another country.

A student taking a foreign language had to be prepared to give special attention to this course. Languages were learned only after many hours of careful study of grammar. Students practiced dialogues to help them learn to speak the language effectively. A foreign language also taught the student the culture of the people and the history of the country.

# Library Serves Many C.S. Students

The library of Captain Shreve served many uses to students. It was a reference room where students could use reference material such as encyclopedias, **Reader's Guides**, or vertical files. It served as a place students could come to watch films or look at materials they had missed in class. Students could also use the library to find books either for entertainment or for education.

The librarians helped the students by keeping materials that might be needed. These materials were kept orderly and could be easily found by any student who needed them. It was then up to the student to utilize these materials to their fullest.

# **Business Courses** Help In The Future

The Business department of Captain Shreve offered interested students an opportunity to take courses which would relate to their possible endeavors in the economics world. The courses did not only help in the future but, they also improved study habits.

Many basic courses were offered such as bookkeeping, clerical practice, general business, shorthand, and typewriting. Each course pertained to various fields of business. Shorthand, by the use of signs and symbols, was a shorter method of note taking. Bookkeeping taught fundamentals in accounting. Typing was a skill which trained students and would prove valuable in future years.

#### D.E., Driver's Ed Inform Students

Two diverse courses were offered at Captain Shreve that students might have taken. They were distributive education and driver's education. The distributive education class strived to develop the student's sense of responsibility. Driver's education taught students more about how to drive and about the car in general.

By applying the knowledge the distributive education students were taught then, they were better prepared to go into the business world. The students attended morning classes at school and worked afterwards. "Driver's ed." students were given thirty hours of instruction and then, to increase their knowledge of the car, they were given six hours of actual driving.

# C.S. Electives Offer Variation To Pupils

The Elective department of Captain Shreve offered such courses as home economics, mechanical drawing, or small gas engines. These courses offered students a variation from the usual reading, writing, and arithmetic courses. In the various classes, students learned many ways to express themselves either through cooking, sewing, repairing small engines, or drawing.

In home economics, the girls learned aspects of homemaking. In the classroom, issues were discussed such as designing, dating, marriage, and child care. Mechanical drawing taught students skill and accuracy in drawing. Learning the basic fundamentals of small engines was one of the jobs of small gas engines.

#### ROTC Provides A Rounded Course

The ROTC program at Captain Shreve instilled a deep sense of patriotism and a high sense of honor in the ROTC cadets. They learned to respect their country and each other along with learning self-respect.

In the classroom, the cadets were taught military strategy, military history, weapon-use, map reading, and drill practice tactics. Many of the students in ROTC participated in the drill team, the rifle team, or the color guard. Outside activities for the cadets included marching in parades, participating in the annual spaghetti supper, and attending summer camp. Also, the cadets aided Captain Shreve by raising the flag.

## Self-Expression Is Encouraged In Art

Captain Shreve's art department offered Art I, II, III, IV in 1974. Each succeeding course became more advanced and required more self-expression and imagination. Students were encouraged by their teachers Mr. Fitzpatrick and Mrs. Harris to use their own creativity in their art work.

Many art students used their talents to make decorations for games and to brighten up the school. The art teachers provided many projects for the students during the year. Some of these were lettering projects, perspective problems, pen and ink sketches, still-life drawings, and color and shape experiments.

# Choir, Band Spend Many Hours Practicing Songs

The Captain Shreve Gator Band and the Captain Shreve Choir were the main functions of the music department. The band, directed by Mr. Raleigh, and the choir, under the direction of Mr. Richey, both spent many hours practicing for performances.

The Gator Band spent many hours during and after school preparing routines to be done at half-time performances during football season. The band also performed at the pep rallies and several concerts. The choir performed many times during the year. Musical students were also taught music theory, music appreciation, music history, and music composition.

#### Teachers Aides Assist Teachers, Aid Students

The job of Captain Shreve teacher's aides was a large and varying one. Assisting teachers by grading papers, typing worksheets, substituting in regular classrooms, and running off papers were only a few of their many activities. The teacher's aides not only assisted the regular teachers in many ways but also aided students in their studies.

The teacher's aides strived to keep one-half of the Learning Center a quiet place where one could devote his time and energy to serious study. The other half of the Learning Center had a more relaxed atmosphere where students could listen to tapes, play dominoes or cards, or just talk to friends.

The boy's athletic department offered many opportunities for the boys. Not only did the boys participate in a variety of sports in the P.E. classes but they were also given the chance to participate on the football team, basketball team, golf team, baseball team, tennis team and track team.

In the physical education class, the students played many sports such as football, soccer, basketball, handball, baseball, volleyball, weight lifting, gymnastics, tennis, and wrestling. Through these sports the boys were taught self-discipline and coordination. Their grade was based on skill, participation, and attitude.

# PE Contributes To Better Development

One course given in the physical education department was health. In this program, girls were instructed on valuable techniques for emergency situations such as heart attacks, broken bones, and shock.

In physical education, teachers provided students with the opportunity for physical development through participation in various sports and activities. Each girl was graded on written tests, skill tests, and her daily participation. Girls participated in various sports such as volleyball, softball, tumbling, basketball, tennis, and archery to contribute to their physical, mental, and social development as individuals.

# STUDENT LIFE

## Emotions Are Revealed Each Day

The past year at Captain Shreve was a very eventful and memorable one — one that would live on in the minds of many Gators for years to come. The students at Captain Shreve made this year happen by their accomplishments and activities, both in and out of school.

Every student and faculty member expressed his emotions every day. Some expressed theirs in quiet personal ways, while others chose to let their companions know how they felt. A few of these emotions were shown by people more than others. They were therefore chosen to be included in the book of the "Year of the Gators: 1973-74."

# Happiness Is Generated By All

The emotion which was probably displayed more than any other at Captain Shreve was happiness. It was a personal experience that many Gators shared throughout the year. To some, happiness came from making an "A" on a hard test, while others just rejoiced after having made it through the day. The sight of a beautiful day also brought a feeling of joy to many. Furthermore, as the year neared its end, all Gators anxiously awaited their summer vacations.

The students were not the only ones who generated this happiness. The teachers and administrators also had a large part in it. Everyone tried to make the best of the situations which were encountered, by maintaining a positive attitude.

# Gator Fans Show School Spirit

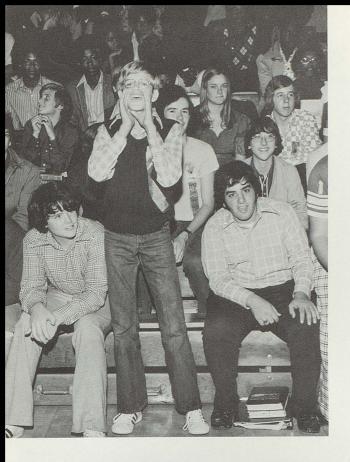

Spirit was an essential factor in the survival of this school, as in all other schools. The students were involved in school activities, which led to excitement and new-found friendships. The enthusiasm of Gator supporters at different school events showed this spirit.

School spirit, vigorously generated at the pep rallies, enabled all the students to join in and become part of the action. Spirit was shown in many personal ways, while allowing each student and member of the faculty individual expression. When these different facets of spirit were combined, the result helped to make 1973-74 a very memorable school year.

#### Off Days Cause Embarrassment

Everybody, once in a while, felt the emotion of embarrassment during the year. The inevitable reddening of the cheeks showed up in many situations. The sources of many embarrassing situations were the stairwells. Not many students made it through the year without taking a tumble or dropping their books.

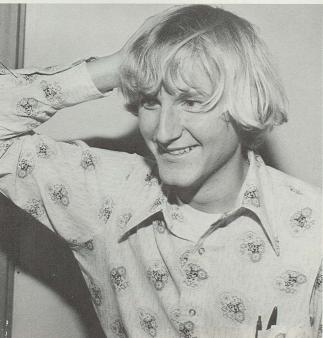

Almost every Gator had an off day, and the resulting consequences of that day were sometimes hard to cope with. Some students found themselves facing predicaments which they did not know how to handle. This gave them a desire to hide, while hoping that their misfortune went unnoticed. Most students overcame these moments, though, by remaining cheerful.

## Serious Attitude **Toward Work** Prevails

Along with all the fun-filled activities and projects undertaken by students, a serious atti-tude toward work and studies had to be exercised also. There were times when problems overshadowed the happy occasions. These situa-

tions required concern and sincerity.

Captain Shreve students were very involved in many activities. However, they still maintained a serious attitude toward their schoolwork. For example, many people could be found working in the library on a homework assignment or a research paper. These students strived for academic achievement and therefore realized how important it was to direct their efforts in accomplishing their individual goals.

### Gators Are Proud Of Captain Shreve

Loyalty, pride, and determination were not just emotions at Captain Shreve. They were characteristics of a great school, whose students backed it in every possible way. Loyalty was shown by the Pep Squad and Gator Band as they spent many hours preparing for different events. The determination of the different teams, be it baseball, football, debate, or tennis, was shown as they competed. They strove to work as a group and not just as individuals.

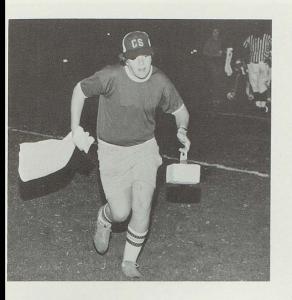

The pride of Gators, in their school and country, was very evident throughout the year. Large attendance at different school events and respect for the ideals of their country exempli-

fied this pride and loyalty.

# Fatigue Catches Up With Gators

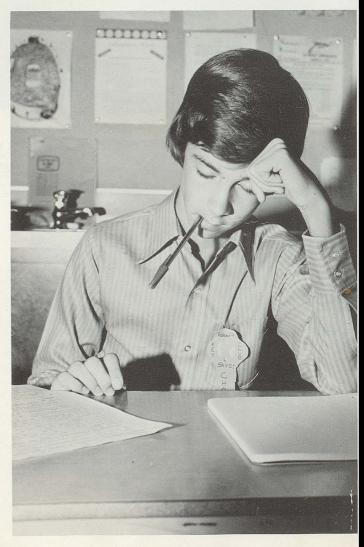

Students at Captain Shreve were basically easy-going but always on the move. They enjoyed getting involved in many extra-curricular activities, while also keeping up with their schoolwork. Once in a while though, their busy schedules got the best of them and the state of fatigue set in. In addition, many students felt this fatigue after practicing long and hard for a play, or perhaps an upcoming game.

Also hard hit by this condition was the faculty. They began to grow weary of preparing teachers' schedules for the following day. No matter what the case though, Gators usually snapped back and returned to the swing of

things.

#### Nervousness Helps Students Excel

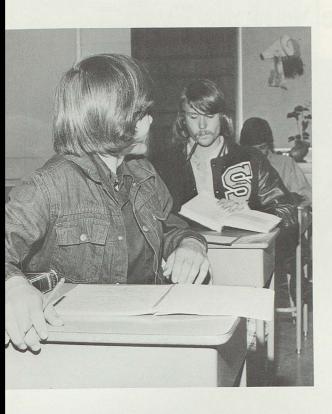

The emotions of nervousness and anticipation were probably experienced by every student at Captain Shreve during the year. Many sophomores and freshmen experienced either one or both of these feelings as they arrived at the big round building to begin their studies.

Upperclassmen also were subject to this emotion. Participants in sports events felt the pangs of nervousness as they began competition. Others became nervous just knowing that a math final was to be taken the next period or knowing that the fifth tweet signified the start of the first routine of the year. All these experiences combined to make Gators strive toward greater goals at school and in later years.

#### Students Strive To Be Themselves

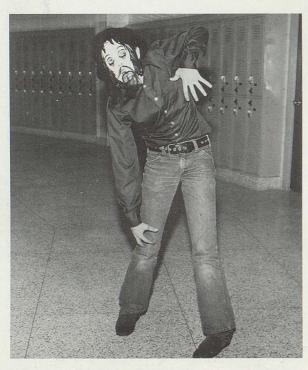

There were many emotions exhibited over the 1973-74 school year that were not contained in these pages. Some emotions could not be described. These were the characteristics distinguished by the personalities of the people. Each Gator tried to express himself in different ways and therefore attempted to just "be himself."

Many people found that they could best express themselves by the variety of subjects they chose to take. Some courses helped them to broaden their interests and strengthen their personalities. The characteristic of "being yourself" and the different emotions shown during the year helped every Gator to be a well-rounded person, while making Captain Shreve a great school.

## Individual Personalities Are Strengthened

## **ORGANIZATIONS**

### Student Council Builds Pleasant Atmosphere

Co-sponsored by Miss Marie Rinaudo and Miss Lillian Moch, the 1973-74 Student Council played an important role in achieving a desirable atmosphere between the faculty and the students. A large portion of the Student Council's duties involved coordinating school activities. Among these were the conducting of cheerleader and Homecoming Court elections, the sponsoring of service activities such as Chapel and flag-raisings after football games, and the organizing of buses for out of town football games.

After countless hours of work by various committees of the Council, the Homecoming dance, sporting the theme of "Under the Sea," was one of the many fantastic successes of the Student Council.

# Interact — One Of Shreve's Finest

Interact was easily recognizable as one of Shreve's finest service clubs for boys. The members were active in both school and community affairs. As a group, the club showed much spirit and willingness by painting banners during football season and publishing the annual Gator List.

Under the leadership of President Ronnie Duvall and the guidance of Mr. Greg Cofer, advisor, Interact outdid itself with money-making projects. Two sets of buttons were sold. The first were all-purpose gold Gator buttons. The second set was green and inscribed with a gold "Chomp 'em." The year was climaxed with the erection of a permanent Gator sign in the gym, financed with profits made from selling buttons.

### Key Clubbers Build Eight Foot Gator

Many projects filled a year of service for the 1973-74 Key Club. At the first play-off game, Key Club presented the student body with an eight-foot papier-mâché gator, made by the members of the club. The gator was representative of the outstanding spirit that prevailed at

Captain Shreve this year.

Under the guidance of Mr. Donald Bingham, faculty sponsor, Key Club sponsored many other activities within the school. For example, members painted banners after most meetings for football and basketball games. In October, members participated in the Walk for Fund. During Christmastime, Key Clubbers repaired toys for the Christian Service Program, along with giv-ing a Christmas party for the children at Holy Angels. In the spring, Key Club sponsored its annual "Grease Day" and "Grease Dance."

#### Leo Club Aids Others

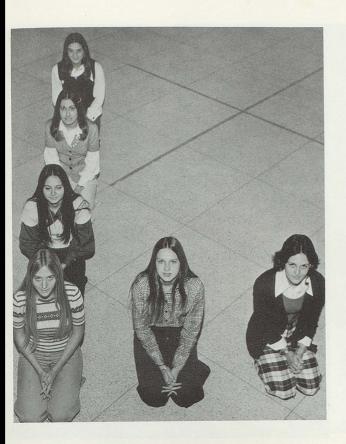

As projects for this year, Leo Club undertook many humanitarian deeds in order to help those who could not help themselves. The club helped Sister Margaret by gathering essential goods for needy families, along with supporting a canned food drive for Thanksgiving. Leo Club's activities progressed steadily throughout the year as they aided the Wheeler Dealers in projects and strengthened club relations between Shreveport and Bossier. Club members raised funds by raffling off a T.V. set and by selling "Gator" helium balloons at football games. Thus, they helped to promote school spirit.

Sponsored by Mr. Horton, the Leo Club enjoyed an active year while involved in these various community projects. Their willingness to be of service made their year interesting, as well as valuable, to others.

#### Astras Are Welcome Addition To Shreve

In order to bring out the outstanding qualities of the young women at Captain Shreve, Altrusa, a local women's service club, initiated a new Astra Club chapter into Gator society. Under the able leadership of President Janet Galloway and Mrs. Judy Horne, advisor, the Astras sold and delivered bags of Halloween candy to students. Also included among the Astras' activities were the visiting of the Shrine Hospital during Christmas, the selling of state football champion sweatshirts, and the sponsoring of a banquet for the basketball players in the spring.

The thirty hard-working girls that composed the club made the Astras a lively and welcome addition to Captain Shreve.

#### Z Club Develops Leadership Qualities

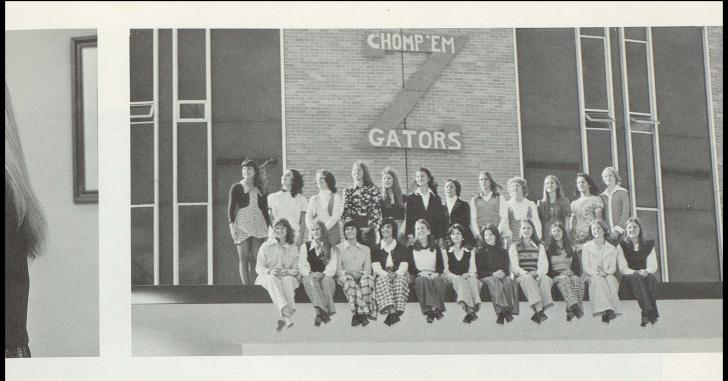

Z Club, one of Captain Shreve's outstanding girls' clubs, worked innumerable hours serving the school and the city. Two purposes of the Z Club were to help develop qualities of leadership and to develop pride in the community among its members.

Included among the many projects of the club were the supplying of the faculty with refreshments, the monthly visiting of the Louisiana Nursing Home, and the organizing of parties and programs for the students of Brook Street School. In keeping with the annual tradition, Z Clubbers made and sold Christmas stockings filled with homemade candies and cookies. Z Club, sponsored by Miss Georgia Lee, also planned and executed a spirit week, complete with a pep rally skit.

#### Debate Team Competes

The Captain Shreve Debate Team, sponsored by Mr. Jack Bogan, traveled throughout Louisiana during the 1973-74 season and participated in many high school and college tournaments. Debaters attended several college speech festivals including those held at USL, and Louisiana Tech, as well as attending high school tournaments held at Ruston, Byrd and Lake Charles High Schools.

A member of the National Forensic League, the Captain Shreve Debate Team held degrees in this honorary organization. In addition to participating in numerous tournaments, the team remained active by devoting many hours to the planning and presenting of the annual talent show.

# CODAC Travels To Area Schools

CODAC was a unique club at Captain Shreve. Once a month members traveled to Captain Shreve's feeder schools and presented facts concerning drugs and their misuse in America today. The members talked with the younger students at the feeder schools, while helping to develop in them a more positive attitude toward life.

Because of these visits, these lucky students would be less likely to turn toward drugs in their lives. Mr. Bob Horne, sponsor of CODAC, helped the students with their lesson plans and group discussions.

#### **Drama Creates** Interest In Theater

During the 1973-74 year, the Drama Club worked to advance standards of excellence in all phases of theater arts, along with creating an active interest in the theater. As members of the National Thespian Society, they also held a workshop which furthered their knowledge of dramatics. They built platforms, painted scenery, learned the art of theatrical make-up, and discovered a great deal about acting.

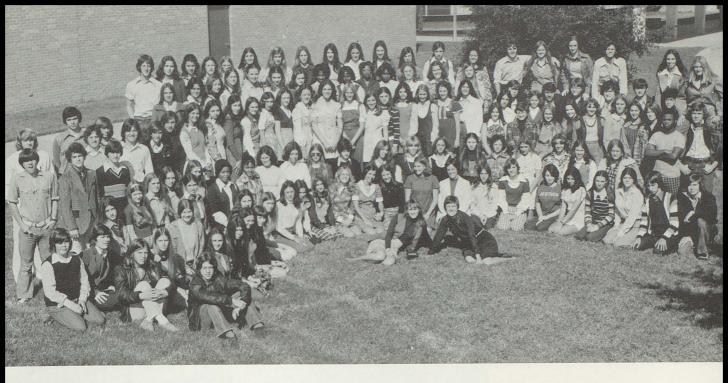

All members were expected to develop a leadership capacity by working in all plays presented during the year. The play "Mad Woman of Chaillot" was cast so that members could experience the work involved in drama. The play was a success and a profitable money making venture.

# French Club Joins In Homecoming

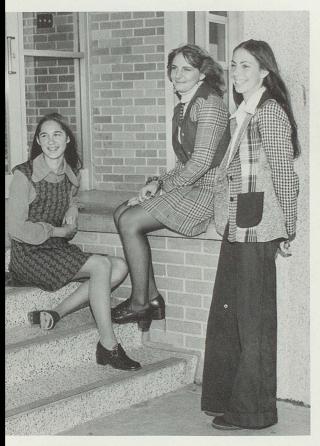

This year, guided by Mrs. Louie Chalfant, the French Club tried to attain its many objectives through various club activities. Club members became better acquainted as club participation increased. Some activities included the Olympics during the fall and the annual Christmas party, both of which involved all the foreign language clubs at Captain Shreve. The French Club helped promote spirit during homecoming week with a breakfast, "Le Petit Déjeuner," held in the cafeteria. French clubbers also made a trip to Lafayette, Louisiana and attended the Foreign Language Festival there. By selling candy they raised enough money to end the year with a final banquet.

# German Club Holds Oktoberfest

German Club members participated in many rewarding activities during the 1973-74 year. During the fall the German Club competed in the language club Olympics. In October they celebrated "Oktoberfest," a German national holiday, with a feast. Also, on Saturday mornings throughout the year, German Clubbers held fussball games.

Under the guidance of Mrs. Ruth Page, members gained insight into the traditions and customs of Germany by hearing guest speakers and seeing films and slides.

### Latin Club Stresses Classical Studies

In October, Latin Club members traveled to Henderson, Texas for the banquet of East Texas Latin Clubs. During both Homecoming and the Prom, JCL members sold corsages. In addition, they once again participated in the language club Olympics. Latin clubbers participated in the interlanguage club Christmas party, in which they provided the cultural and social atmosphere of ancient Greece and Rome.

Sponsored by Mrs. Isabel Houchin, JCL's purpose was to encourage student interest in the civilizations of ancient Greece and Rome, while giving them an understanding of the debt of our own culture to these classical civilizations.

### Spanish Club Offers Cultural Opportunities

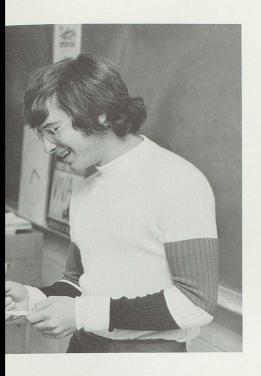

Members of the Spanish Club were involved in many activities this year. One of these was the foreign language club Olympics. Another was the Christmas party, in which the members of the club presented a skit and broke a Spanish piñata. The club also sponsored the annual decoration of the school during Christmas with luminarias. These were paper bag lanterns mounted on top of the school in order to light the way for the Christ Child.

Sponsors Mrs. Judy Horne and Mrs. Ascension Smith felt that the purpose of the club was to offer an extra opportunity for fellowship, while providing a basis for a better understanding of the Spanish language, food, customs and culture.

# Historians Recognize Constitution Week

The purpose of the History Club was to provide a fuller appreciation of past events and relate them to today. Each morning of Constitution Week, club members provided interesting facts about the Constitution and outstanding amendments. Later, they planned a historical tour of the Louisiana capitol.

Ideas shared at monthly meetings produced various group activities. During homecoming week several members stayed after school to decorate the halls with green and gold. New money-raising projects and out of town trips were often discussed. Mrs. Cameron and Mrs. Martin contributed helpful information for the club plans.

### Black Studies Decorate Halls

The Black Studies Association, which was organized during the 1972-73 school year at Captain Shreve, started the 1973-74 year by decorating the halls of the school in order to boost spirit. Black Studies sponsored the annual Black History Week program in February. In addition, over the Easter Holidays, members took a trip to New Orleans, while in May the Black Studies members traveled to "Six Flags Over Texas."

### Science Clubbers Take Field Trips

One of the principle purposes of the Science Club at Captain Shreve was to stimulate interest in science-related fields such as biology, chemistry, and physics.

Sponsored by Mr. Gorsulowsky, members of the Science Club took several field trips to local observatories, which increased their insight into the world of science. At club meetings they had guest speakers, films, and slides, which aided them in their interest and understanding of the sciences.

#### ROTC Is Training Today For The Future

ROTC at Captain Shreve specialized in leadership training. Students were instructed in psychology, leadership, unit organization, teaching methods, and basic military skills. ROTC offered an advancement opportunity which was unequaled by most school courses. Individuals were constantly competing against each other in order to earn awards.

In a cadet's senior year he had the opportunity to become an officer in the corps. Therefore, each cadet strived to do his best. Officers were judged on academic as well as leadership abilities. Cadets who applied themselves learned to become leaders in their unit, their school, and their community.

### ROTC Honor Units Are Now Coed

Captain Shreve's ROTC hoped to maintain the status of '73 "Honor Unit" and attain the rating of "Honor Unit With Distinction." The national standing of the corps was determined each spring by a full scale inspection held by the Federal Evaluation Team of regular Army officers.

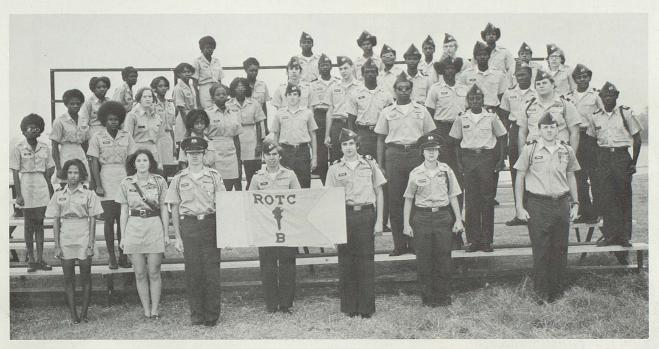

For the first time, girls had the opportunity to become cadets. Except for rifle drill, girls received the same instruction as the boys. Participating in all ROTC extra-curricular activities, the girls were motivated as well, if not better, than some of the boys. These new additions proved to be great assets to the corps.

## Varsity Rifle Teams Rate Outstanding

Shreveport Chamber of Commerce sponsored a rifle team league in Caddo parish during the 1973-74 year. Three of Captain Shreve's rifle teams competed against other high school ROTC teams in the parish. The "A" team, commanded by Woody Childress, frequently traveled within Louisiana. They also competed in large out of state tournaments involving stricter competition.

Due to the expert training by team coach, CSM Chiasson, Shreve's rifle teams had always proved outstanding. Sergeant Chiasson spent many hours of his free time training these team members to become better marksmen. Varsity letters were received by outstanding marksmen.

### CS Drill Team Keeps Continuously Active

The Gator Drill Team was under the command of Jack Hampton and advised by Sergeant Taylor. Standard and precision drill were practiced, while obligations at football games were fulfilled by the Firing Squad and Color Guard. Participating in several drill competitions, marching in parades, and performing at the homecoming game kept the drill team busy throughout the year.

### FCA Realizes Importance Of Christ

As many Gator athletes discovered, having Christ in one's life is very important. These young men realized that Christ was not only among them during their meetings, but He was also with them as they participated in their various sports. The purpose of the FCA was to give each of the athletes an opportunity to discuss his personal feelings about Christ, while perhaps finding answers to some of the questions in his life.

Under the guidance of Coach Tommy Powell and the leadership of President Marshall Crenshaw, Captain Shreve's chapter of the FCA helped many athletes cope with the everyday obstacles that confronted them. It also taught them to set a Christian example for other stu-

dents.

### JML Is Interested In Health Careers

The Junior Medical League, sponsored by Mrs. Ascension Smith, was established at Shreve to help interested persons find information on various vocations in the health fields. Speakers came from several area medical centers to demonstrate basic medical skills and to allow the students to participate as volunteers in the demonstrations. In their presentations, the speakers also emphasized the need for young volunteers.

The JML, in addition to becoming informed themselves, planned to help others at school by handing out pamphlets, charts, and bottles of epicure — a medicine used in cases of poisoning. Other activities included caroling for children at Shriner's Hospital and sponsoring a spirit week during basketball.

### FBLA Members Gain Experience

FBLA cooperated with the school in order to produce educated young business men and women. FBLA members had the opportunity to travel to state and national leadership conferences, as well as various other professional lectures and business sessions. These gave the members experiences with the business world, which could not be equaled in the ordinary school situation.

Under the direction of Mrs. Flanagan and Mrs. Leviston, the students who took advantage of FBLA developed competent, aggressive leadership qualities. This was one of the primary objectives of FBLA.

### Computer Training Develops New Skills

The techniques of computer usage were evaluated and incorporated by the Computer Club. In planning programs, the members underwent intellectual and emotional upheavals. With each success came the thrill of victory, but the agony of defeat was often felt also. Heading the group were Mark Ramert and Steve Kent; who taught the secrets of fortran, a language of computers. Presiding over the club as sponsor was Miss Sandra McCalla.

Club members felt their time was well spent as they developed new concepts and ideas. Therefore, the club fullfilled its needs through its programs.

### Distributive Ed. Develops Leaders

The Distributive Education Club, affiliated with a national club called D.E.C.A., was compiled of juniors and seniors interested in a career in the distribution field. D.E. students, led by Mrs. Jan Otwell, attended classes three hours a day before going to work at their respective jobs. In these classes, Mrs. Otwell stressed lead-ership development in marketing and distribut-

### FTA Members Sponsor Cake Sale

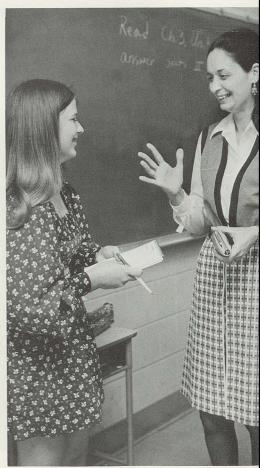

Activities of the Future Teachers of America were many and varied this past year. Included among these were lectures, field trips, and cake sales. In spring, the F.T.A. participated in the State Convention. Throughout the year, F.T.A. members volunteered their services by grading papers and undertaking similar tasks. The teachers at Shreve greatly appreciated the work done by these diligent workers.

The F.T.A. Club sought to promote an interest in the teaching profession while fully developing that interest. Led by Mrs. Charlotte Williams, the F.T.A. gained knowledge of all educational fields and experience of value to them in the future.

### FHA Members Learn Family Skills

The main aspect of the Future Homemakers of America was to prepare girls for a future in the home. Under the direction of Mrs. G. C. Lampkins and Mrs. L. B. Mitchell, the F.H.A. learned the necessary skills for homemaking.

learned the necessary skills for homemaking.

This past year, F.H.A. encouraged scholarship, developed teamwork, and provided wholesome individual and group recreation. It provided members with opportunities to promote friendship among themselves and develop good leadership qualities. F.H.A. helped members to know themselves in relation to their own needs, while at the same time increased their knowledge of home economics. Throughout all F.H.A. programs, the sponsors encouraged democracy in the home and community life.

#### '74 Band Marches In Half-Time Shows

The Gator Band won many honors this year. These honors began this summer when the First Jazz Ensemble became the fourth best stage band in the nation. This ensemble was chosen out of 250 applicants as one of the ten who would participate in the National Jazz Festival

would participate in the National Jazz Festival in Mobile, Alabama.

One of the largest at Shreve, the band consisted of eight majorettes, one feature twirler, eight flag girls, two drum majors and one hundred band members. In the District Marching Contest the band received excellent and superior ratings. During concert season the band presented a Christmas Concert with snow and Santa Claus. Claus.

### Orchestra Develops Individual Talents

This year, the Captain Shreve High School Orchestra offered interested students an excellent opportunity to develop their individual as well as group talents and gain experience in the field of music. Greater experience was gained as they played for elementary schools in Shreve-port, while hoping to arouse their interests in string music. In November, selected members participated in the All-State Convention, while during Christmas the orchestra performed for the Yource Drive Orchestra.

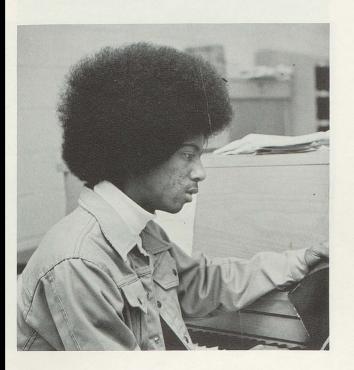

In order for each member of this group to develop their talents, all were required to have a sincere appreciation and a deep understanding

of classic orchestral music.

### **Choir Provides** Entertainment

Under the able instruction of Mr. Richey, the Captain Shreve Concert Choir was of vital importance to the school during the 1973-74 year. When they sang at special school activities, they provided entertainment for all. Draped in their green and gold choir robes, the choir added feeling to the music they sang.

In order to perfect the overall sound of each musical composition, the choir practiced daily. By singing great masterpieces, the choir learned to appreciate the art of music.

Choir members urged all interested students to sing and participate with them. Whether as a group or as an individual, the choir members worked to develop their talents year-round.

#### Cafeteria Workers Behind-The-Scene

Under the supervision of Mrs. Kathleen Johnson, Gator lunches were well-balanced as well as tasty this year. Accommodating the students and teachers were two hot lunch lines and a sandwich line, which added a variety to the school's weekly meals.

Cafeteria volunteers gave up half of their lunch shift in order to be of service to the supervisors and cooks. They helped serve food and desserts, remove trays from the conveyor belt, stack dishes and trays, and keep the silverware containers loaded. Because of the fine help, the cafeteria was kept organized and ready to serve meals from 11:15 until 1:00 every day of every week.

### Library Helpers Benefit All

The library workers were able to learn to use the library in the proper manner, with the help of the librarians, Mrs. Mason and Mrs. Valore. Therefore, library workers could then aide both the students, as well as the teachers, with their

library research work.

In order to work as library assistants, these students gave up their study hall. Their job was centered around re-shelving books, checking people in and out of the library, filing the card catalog, working at the circulation desk, straightening books, and other similar library tasks. With their help, the library was always kept in good order and ready for use.

### 4-H Club Serves The Community

4-H was a club involving many different types of people with varying interests. Under the guidance of Mrs. Mitchell, faculty sponsor, 4-H members participated in monthly projects, as well as exhibited articles for the parish and state fairs. As a service project the members visited nursing homes, hospitals, and other locations in the community.

Some members also attended summer camps and junior leader conferences. These meetings provided an understanding of the purpose of the club. This purpose was to provide an atmosphere in which students and their parents could work together while bringing out the capabilities of the 4-H members.

# Football Ad Staff Fetes State Football Champs

The 1973-74 members of the Football Ad Staff may be characterized by their outstanding features — hard work and devotion. These girls drew layouts, took pictures, and sold hundreds of dollars worth of ads — in many instances against a time deadline. During the state playoff games in football the ad staff worked overtime, and as a result Gator fans had an all new football program.

With the advice of Mrs. Joel Crook, advisor, and under the direction of the six managers, the staff worked many long hours to prepare and present a banquet honoring the 1973 State Football Champs. Members maintained a 2.5 grade

average.

## The Enterprise Adopts "New Look"

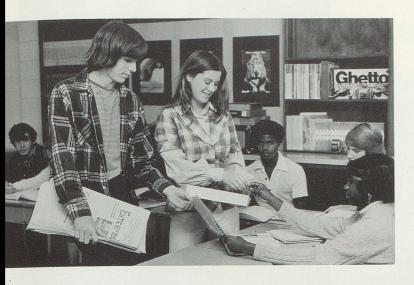

The Enterprise adopted a totally new format for the 1973-74 year. Changes included redesigning the nameplate, along with adding new artwork. In addition to news of school events; club news, features, interviews, editorials, and reviews could be found in each edition. The Enterprise staff held meetings during the third period, daily, to plan the issues.

The **Enterprise** was published eight times during the year under the direction of Mrs. Nell Hedges and Mrs. Elizabeth Lawson. Editor this year was Craig Miller.

## Staff Makes '74 LOG A Meaningful Record

Members of the LOG Staff began work on the 1974 LOG in September and continued throughout the school year. Earlier in June, eight members traveled to USL summer yearbook camp where they received an A rating and six awards. At camp, ideas and better methods were sought for each section of the yearbook.

The work meant many sacrifices on the part of the staff as well as on the part of the advisors. Many hours were spent in selling ads, planning pages, writing copy, taking pictures, alphabetizing names, and cropping pictures. Although this was hard work, the staffers held responsible positions and worked to make the LOG an expressive memorandum. sive memorandum.

### HONORS

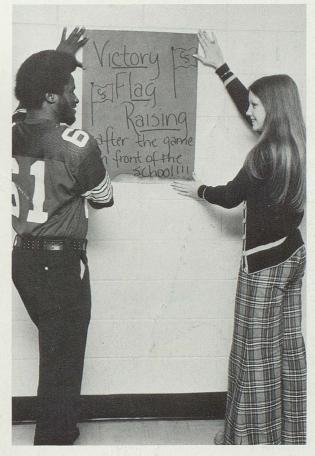

#### Mr. And Miss Reflect CS

Mr. and Miss Captain Shreve were chosen this year by the LOG staff, on the basis of service and dedication to Captain Shreve. They were also selected as seniors who reflected the allaround student of Captain Shreve. This year the LOG staff selected Curley White and Ruth Ann Francis as Mr. and Miss Captain Shreve.

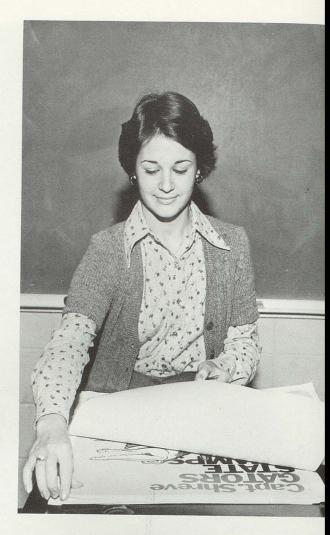

Ruth Ann was active in Z-club, was a Student Council senator, and was selected as an Outstanding High School student. Curley was Student Council Vice-President and was chosen to the All-District, All-City and Most Valuable Defensive player of the All-State football team. He was also active in the Black Studies Association.

#### Who's Who Are Involved

The seven students chosen by the faculty as Who's Who for 1974 were Marshall Crenshaw, Roderick Foppe, Glenn Fox, Cassandra Gant, Allen Jones, Beth Roby, and Linda Wibker. These students were selected on the basis of leadership, character, scholarship, and service.

Marshall Crenshaw was on the All-District football team and a National Honor Society scholarship semi-finalist. Roderick Foppe held the office of Student Council President and was chosen to the All-District, All-City, and All-State football teams. Glenn Fox served on the Student Council and as a member of the tennis team. Cassandra Gant was a Student Council Senator and a senior Homecoming maid. Allen Jones had the honor of being a Student Council Senator and President of Key Club. Beth Roby was the Admiral of the Pep Squad and President of the French Club. Linda Wibker served as President of the Z-Club, along with being a Football Ad Staff Manager.

#### Football Team And Band Are #1

The Captain Shreve football team made history this past year, not only by taking state but by having the most players on the All-District, All-City and All-State football teams. Captain Shreve was honored and proud of the football team while feeling privileged to have been represented by the fine players.

While the team was on the field, the band was hard at work also. Eight of our band members received places on the All-District band. Captain Shreve was also honored to have a member of the band, Christy Anderson, in the All-State band.

# Thespians Are Outstanding In Drama

The International Thespian Society was an organization which was established to honor the outstanding drama achievements accomplished by high school students. In order to become eligible for membership in this society, a student had to have at least one hundred work hours. These hours were gained by working with drama at school or away from school. Society members must also have participated in major drama productions throughout the year.

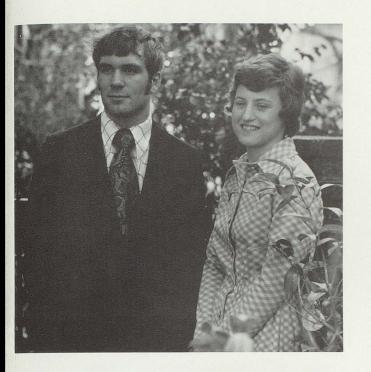

The annual workshop, sponsored by this society, helped to stimulate student interest in the theater. This workshop instructed students in various fields, including acting, directing, children's theater, make-up, and techniques.

### NHS Members Are Leaders At CS

National Honor Society members were chosen by the teachers at Captain Shreve on the basis of character, scholarship, leadership, and service. The society was composed of 15% of the senior class and 10% of the junior class. All the members participated in the Homecoming Tea to welcome returning alumni during the fall. In addition, the junior members ushered at senior graduation. Also, this year the Honor Society nominated Marshall Crenshaw and Stacey Mark as semi-finalists for the National Honor Society scholarship.

### ROTC Honors Are Numerous

ROTC received many honors this past year. Woody Childress was selected as Cadet Battalion Commander. He was also awarded an Outstanding Cadet medal and third marksman letter. In addition, he received the Distinguished Expert medal, the first at Captain Shreve, and a Marksman Scholarship from the University of Houston. Nominated for appointment to the U.S. Military Academy were Rod Foppé and Jack Hampton. Cynthia Lank had the honor of being the first female cadet officer at Captain Shreve and was also the first female cadet to earn the Marksman Award. Four students, one from each class, were awarded the National Superior Cadet Decorating Award. This and all other awards were given to those people who had shown qualities of discipline, courtesy, character, and leadership.

### Quill And Scroll Honors Journalists

Quill and Scroll was an honorary organization consisting of students who had worked on one of the three publications at Captain Shreve. Members must have maintained a 2.55 grade average, must be of junor or senior classification and must have worked on the **Enterprise**, Football Program or **Log**. In addition, they must have made an acceptable contribution to the publication.

A special ceremony was held during the spring for the purpose of inducting the new members.

## Pelican Stater's Go To Baton Rouge

Representatives for Pelican State were chosen last spring by both students and faculty. The six boys and six girls went to Baton Rouge for a week of the summer in order to attend a seminar. At this seminar, the students learned about the proceedings of Louisiana government. During the week they compaigned for offices along with forming a mock type of Louisiana government.

ment.
Each person who attended the seminar was honored by being elected to offices. Laura Preston was Mayor and Beth Roby, Kim Cunningham, Susan Roeger, and Ronnie Duvall were representatives. Commissioners were Glenn Fox, Cassandra Gant and Linda Wibker. Other offices held were DeAnn Ely, City Judge; Allen Jones, State Board of Education; Wray Brabham, Constitutional Convention Delegate; and Marshall Crenshaw and Pat Hamner, Senators.

This year the 1973 Homecoming Court was presented during the halftime ceremonies of the victorious Fair Park football game. The Captain Shreve ROTC formed its traditional row of sabres in order to admit the Court into the Pep Squad crown. Also, accompanying music was provided by the Captain Shreve Band.

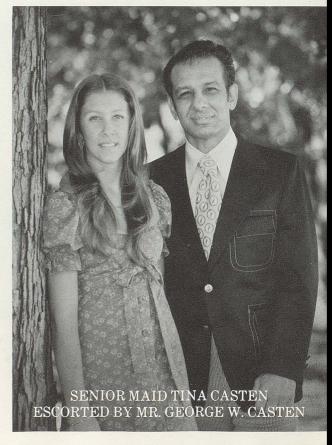

Mr. Powell crowned Queen Connie Davis and presented her with a bouquet of roses, after she was honored with the traditional salute of guns. The entire Homecoming Court was well received and enthusiastically applauded by the Gator fans.

14-0 — THE PERFECT SEASON

Before the Captain Shreve Gators took the field, one could feel that there was something different about the 1973 football season. It began with a sign pinned on the dressing room bulletin board in December of 1972. The words were read and pondered by each player, but their impact could not be felt until December 14, when the Gators won the State 4-A football championship. The sign read: "Think now -State Champs 1973." On that night, each player realized that a goal which required three years of hard work, including weeks of grueling August practice and months of off season work, had been reached. Fourteen wins, no defeats. The result: a school behind a cause, players united in an all out effort, and coaches working for hours. There will be other championships but never another first for Captain Shreve. Coach Lee Hedges had a feeling very early that this was perhaps his champion team. Denied a state championship after 17 years, he spared nothing to see this. Coach Hedges provided the knowledge and motivation that won football games for CS. It was in his honor that the players won the championship.

#### Knights Are Routed In Season Opener

Captain Shreve 26
Woodlawn 0

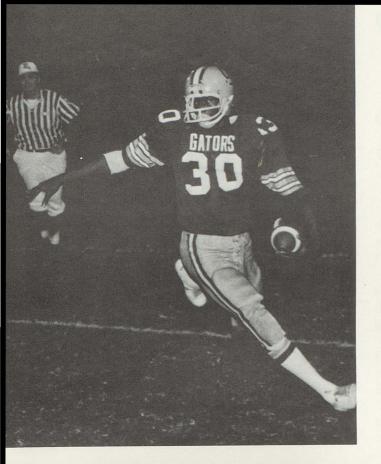

The Captain Shreve Gators showed the positive things to come with an opening victory over the Woodlawn Knights by the score of 26-0.

The Gator passing attack was established early as Carlos Pennywell burned the Knight secondary for two touchdowns covering 44 and 72 yards in the first half. Throwing the passes was senior southpaw quarterback Joel Thomas who completed six of 11 passes for 140 on the evening. Thomas also scored one touchdown himself on a seven yard run. Rounding out the Gator scoring was tailback Willie B. Mosley who eluded five Knight defenders on his way to a 25 yard scoring jaunt.

Quarterback Joel Thomas assaulted the Ruston Bearkats with a torrid passing night as the Gators went on to their second victory by the score of 27-7.

Thomas completed eight of 10 passes for an incredible 229 yards and four touchdowns. Flanker Rod Foppe was on the receiving end of three of Thomas' touchdown strikes while Carlos Pennywell caught the other score.

Sophomore Mark Roberts kicked three of four extra points adding up the Gator point total to 27.

Defensive linemen Joe McKinney, Larry Laws, Walter Scott and Pat Reynolds once again worked over the opposing offenders.

## Gators Annihilate Giants In The Swamp Captain Shreve 41 Green Oaks

The Green Oaks Giants came to visit the Gators in Captain Shreve Stadium and got swamped by a tenacious defense and an overpowering offense that tallied a 41-0 victory.

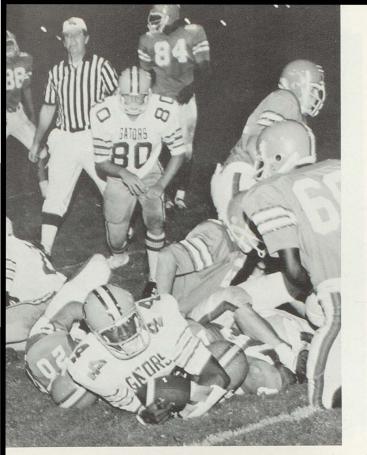

The defense, led by linebackers Curley White and Mike Boorgaerts kept the Giants from scoring as the Gators went on to victory number three. Assisting White and Boorgaerts were Larry Birdsell, Donald Brooks, Dan McClellan and Rod Foppe. Also Walter Scott, Pat Reynolds, Larry Laws and Joe McKinney spent the evening smothering Giant runners and pressuring the quarterback. The victory was the Gators second shutout in three games. There were signs in this game of great things to come for the Gators.

### Gators Put Cowboys Out To Pasture

Captain Shreve 30 Southwood 0

Southwood vs. Captain Shreve . . . the show-down between the District 1-AAAA favorites and the District 2-AAAA favorites. The mighty Cowboys against the powerful Gators.

The final outcome of this game completely contradicted all prior predictions as the Gators demolished the Cowboys 30-0 with a lightning quick offense and a stunning defense.

Carlos Pennywell once again spelled DOOM for the opponents catching three touchdown passes in the first half and terrorizing the Southwood secondary on every Gator play.

The Gator defense completely shut down any offensive hope by the Cowboys . . . the Poke offense was limited to just 52 total yards.

### CS Romps Parkway First District Game

Captain Shreve

41

Parkway

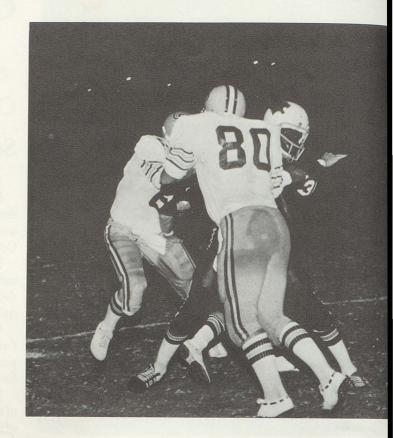

8

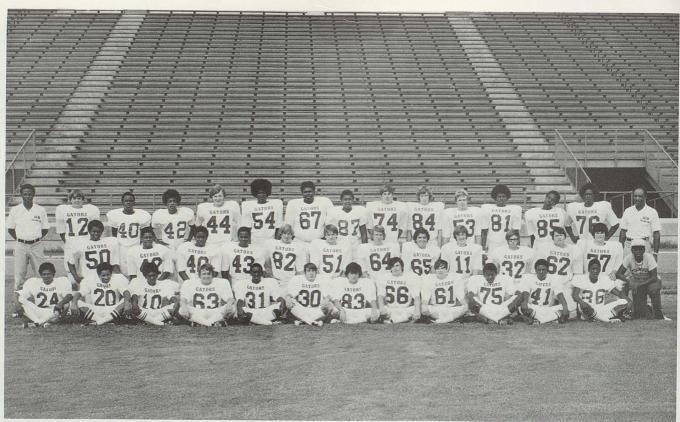

The Captain Shreve Gators opened district play for the 1973 season by trouncing Parkway's Panthers 41-8.

Rod Foppe and Joel Thomas were too much for the Panthers, as they were responsible for four of the Gators six touchdowns.

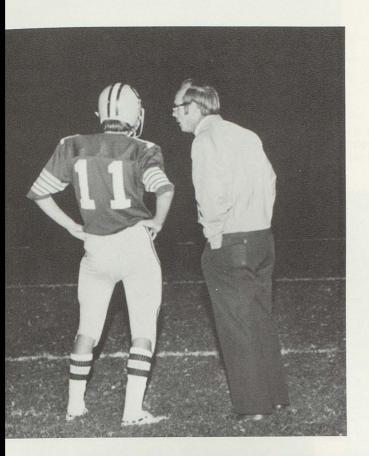

The defense gave up only their second touchdown of the season. The big Gator linemen limited Parkway ball carriers to minus 5 yards on the ground.

During the course of the game Carlos Pennywell set a new receiving record surpassing Pat Mason's 430 yards receiving in a single season.

### Gators Take It All In Dream Match Up

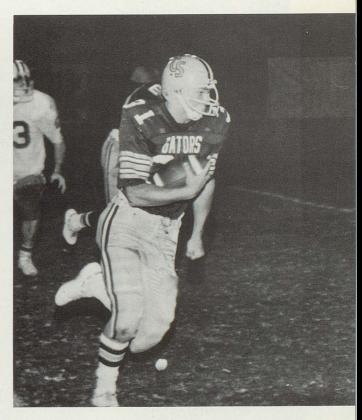

Captain Shreve	27
Bossier	0

The Captain Shreve Gators went to Bossier Stadium to play the undefeated Bearkats in what was supposed to be the game of the year in 2-AAAA. At the end of the first half the score looked as if the powerful Gators were in trouble with a slim 7-0 lead. But a 20 point third quarter proved to be fatal for the Bearkats.

Joel Thomas threw three more touchdown passes as the Gators rolled on to their fourth shutout victory, moving their record to 6-0.

On defense, guard Joe McKinney and tackle Walter Scott led the charge that limited the Bossier rushers to just 48 yards on the ground.

# Gators Chew Up Jackets — As Usual Captain Shreve 41 Byrd 0

The Gators of Captain Shreve got rolling in the 1973 season and no one could stop them. Even the arch-rival Byrd Yellow Jackets couldn't stop the Big Green Machine. Captain Shreve rolled over the Jackets in the seventh game of the intra-city rivalry by the lopsided score of 41-0.

Joel Thomas once again picked apart the secondary of the opposition with four touchdown passes. Wide receivers Carlos Pennywell and Rod Foppe burned the Jacket defense twice apiece for touchdowns while Willie B. Mosley and William Triggs ran for the other two scores.

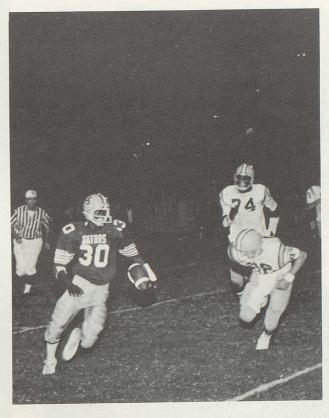

The Gator defense put together their fifth shutout in seven games.

## Indians Are Downed In Homecoming Win Captain Shreve 21

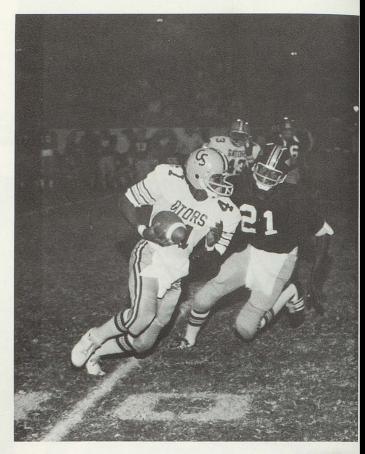

Fair Park (

A Homecoming crowd came back to Captain Shreve to see the Gators snap their jaws on the Fair Park Indians by the score of 21-0. It was the Gators ninth straight victory of the 1973 season, their seventh by shutout.

Once again it was the big play, passing offense that subdued the Indians for the Gators. Joel Thomas threw for three touchdowns and emmassed 251 on nine completions. Carlos Pennywell was on the receiving end of two of those touchdowns while Willie Mosley jauled in the other scoring pass.

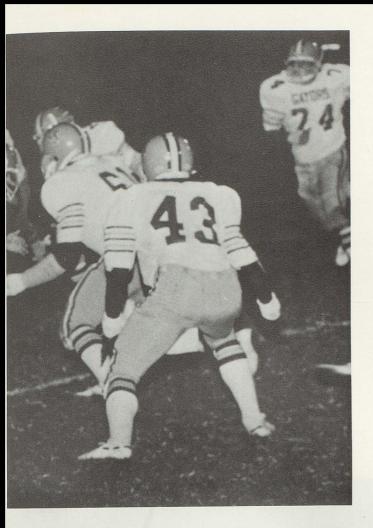

The fired up Indians were completely humbled by the Gator defense. A strong rush was provided by Larry Laws, Joe McKinney and Walter Scott.

### CS Destroys Chiefs In Natchitoches

Captain Shreve

48

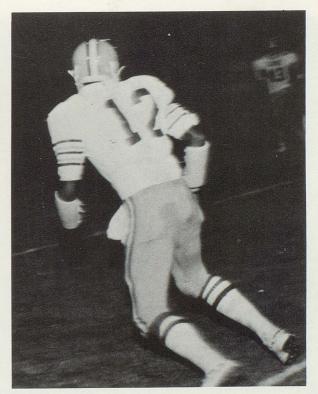

**Natchitoches** 

0

The Captain Shreve Gators went to Natchitoches-Central to play the Chiefs and showed no mercy in rolling to a 48-0 victory to raise their season record to 8-0.

The undermanned Chiefs were completely outclassed by the awesome Gators. Four times the Gators scored on passes and two more times Willie B. Mosley and William Triggs dashed through the gaping holes in the Natchitoches line provided by the Gator offensive linemen. The one other Gator score came on a 40 yard pass interception return by Mosley. Mark Roberts added all of his extra point attempts to the Gator scoring total.

Once again the Gators won by shutout.

#### Shreve Sinks Vikings In District Match

Captain Shreve 28

Airline 0

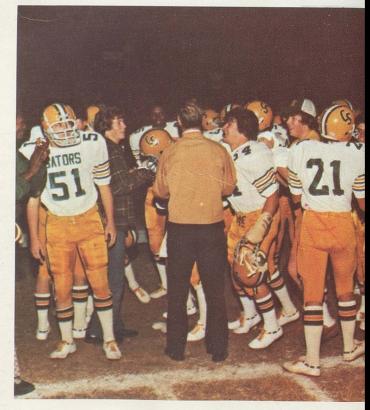

The Captain Shreve Gators won their third District Title in the school's history by stomping the Airline Vikings 28-0.

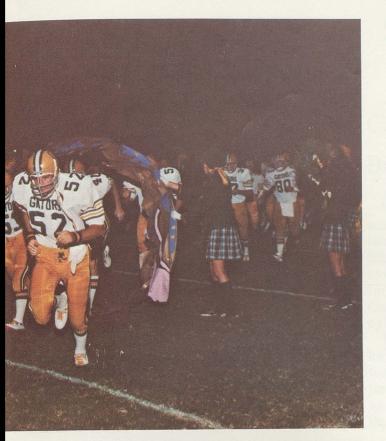

Carlos Pennywell and Joel Thomas provided all the spark the Gators needed as they combined for all four touchdowns on pass plays covering eight, 27, eight, and 67 yards. Thomas finished the night with 11 completions on 22 attempts for 190 yards. Pennywell caught all but two of those passes for 171 yards. During the season Pennywell caught 20 touchdown passes for a state record, while 30 touchdown passes by Thomas were only one short of a state record.

On defense the Gator linemen and linebackers sacked the Airline quarterback 12 times.

### Gators Push Knights Out Of Playoffs

Captain Shreve

The Gators of Captain Shreve went into the 1973 state playoffs with a 10-0 record and faced Woodlawn in their first game.

The Gators came out of that first playoff game with a 11-0 record and a 21-0 victory over the Knights.

For the first time during the season the Gators were forced to come from behind as they went to the locker room at halftime behind on the scoreboard 10-7.

But two second half touchdowns and flawless defense turned the tide as the Gators marched on to their next game in the playoffs with Istrouma, the number two team ranked in the state behind the Gators.

#### CS Shows Difference Between #1 And #2

Captain Shreve 28

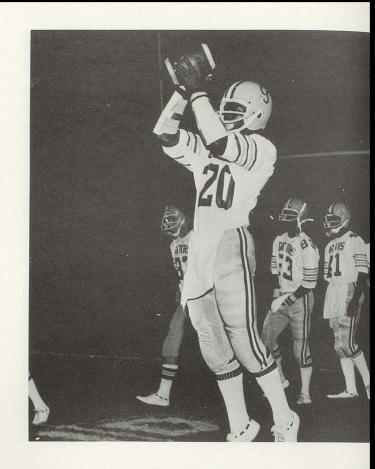

Istrouma 14

Istrouma and Captain Shreve met in the state quarterfinals in a battle that was between the two top rated teams in the state. The Gators were number one and the Indians were number two.

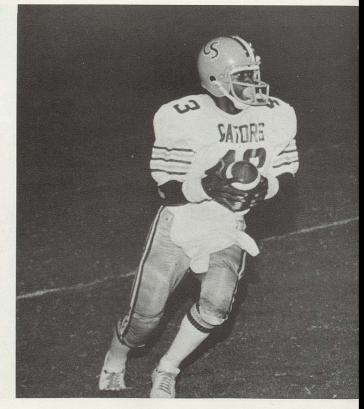

When the game was over the ratings remained the same as the Gators shook a 28-14 victory out of the Indians.

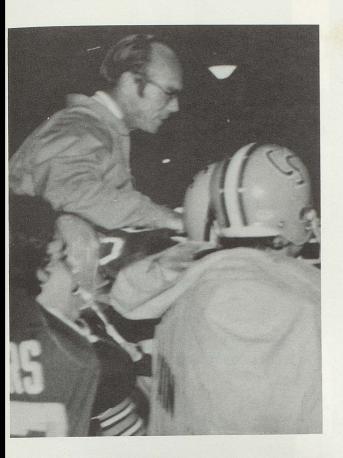

For once, Carlos Pennywell was stopped. But Joel Thomas, Willie B. Mosley and Rod Foppe were not.

Again the Gator defense got tough when they were needed and limited the Istrouma offense to just three first downs in the second half.

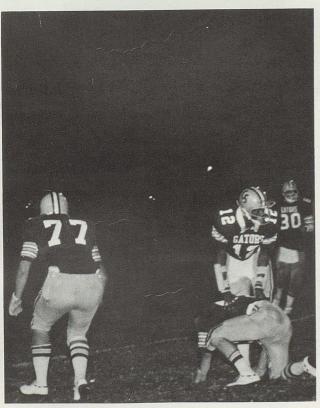

### Shreve Goes Farther Than Ever Before

Captain Shreve 27
Baker 15

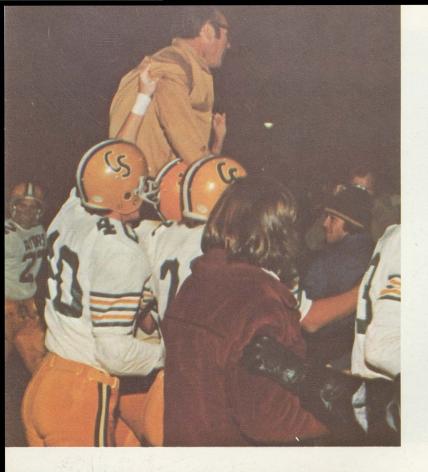

Never during the Captain Shreve Gators 12 previous games were they behind in the third quarter as they found themselves against a determined Baker Buffalo squad in the state semi-finals. But the Gators took the challenge offered them by the Buffaloes and turned in two quick scores to advance to the State Championship game. The Shrevemen downed Baker by the score of 27-15.

Willie B. Mosley was more than Baker could take as he ran for two touchdowns and threw a surprise touchdown pass to flanker Rod Foppe. In the meantime, Joel Thomas and Carlos Pennywell got together on another touchdown pass to round the Gator's scoring.

### Gators "Make It Through December"

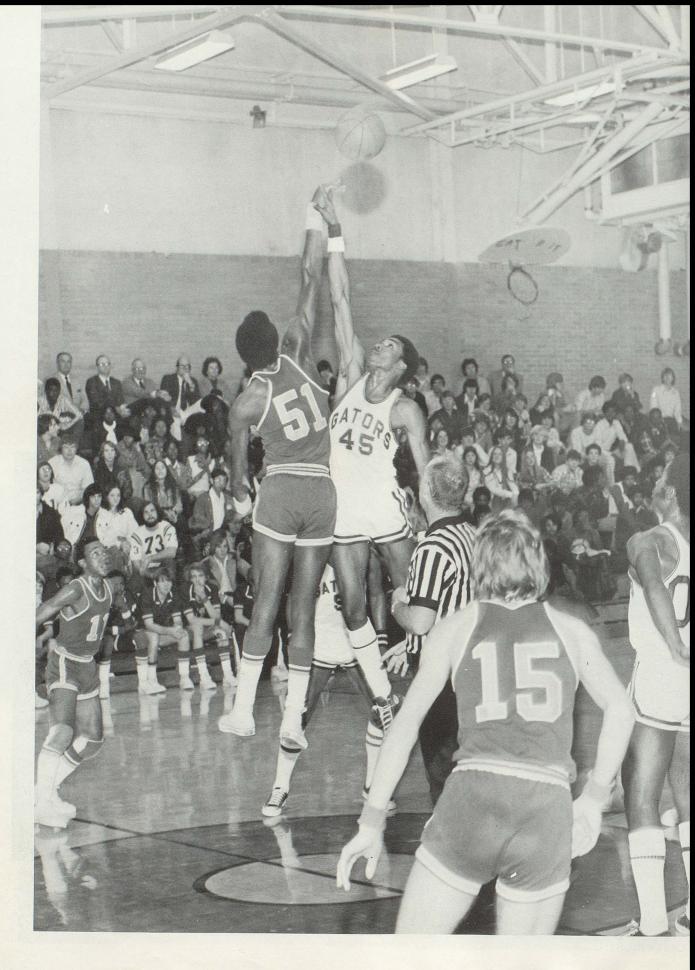

### Captain Shreve 26 Glen Oaks 15

The mighty Captain Shreve Gators downed the Glen Oaks Panthers to close out the first undefeated season in the school's history and more important won the Quad-A State Championship of 1973.

Willie B. Mosley, Rod Foppe, and Joel Thomas made routine work out of the championship game by doing what they had been doing all season long. Mosley was the first Gator to score and he did it on a 61-yard jaunt. On the Gators next play from scrimmage, Foppe hauled in a Joel Thomas pass for a 63-yard score. Thomas also scored on a one yard sneak and added an insurance touchdown on a six yard toss to junior Max Ray Davenport.

#### Golden Gators Take District

With a 24-10 record, the Golden Gators advanced to the state playoffs in Alexandria. They were guided by the fine coaching of Billy Wiggins and David Boydston. The Gators took second in the Airline Tournament, while Mike Cummings was picked to the All-Tourney team.

The Gators took first in District 2-AAAA due to valuable contributions from returning lettermen Ronnie Duvall, Carlos Pennywell, Mike Cummings, and Bonnie White, along with other Gator players. One of the high points of the season occured when the Gators defeated their arch rival, the Byrd Yellow Jackets. Examples of good ball control and fast breaks led the Gators to a winning and an exciting year for C.S.

## "B" Team Bounces Back

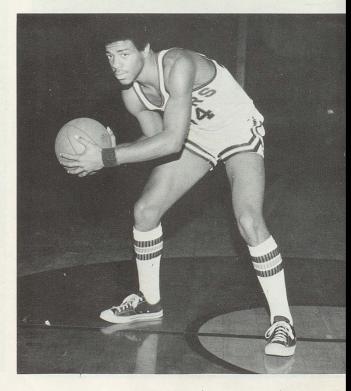

The Gators dribbled down court, moved the ball inside, shot, and C.S. scored. Thus went the 1973-1974 season.

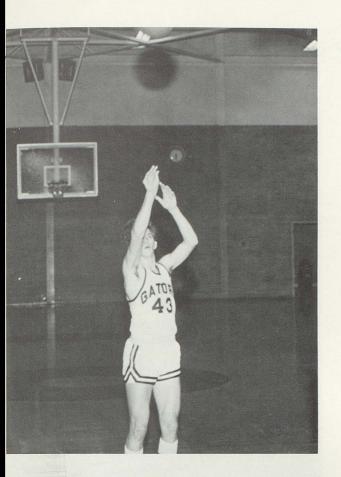

The "B" team had a successful year due to the coaching of David Boydstun and the superb effort on the part of the players. The Gators finished with a 15-6 record. By contributing to this record, the starting five, Creighton Kent, Danny Malone, Calvin Elie, Freddy Wiggins, and Terrance Moore, showed that Shreve would hopefully be in contention for the district title next year. The "B" team had many close and breathtaking games while often coming out on top. These Gators made it possible for fans to anticipate a profitable and exciting 1974-1975 season.

## '74 Marks Fifth Year For Baseball At C.S.

The 1973 baseball team had a 12-6-1 win-loss record and tied with Woodlawn for second place in district 1-AAAA with a district record of 8-4.

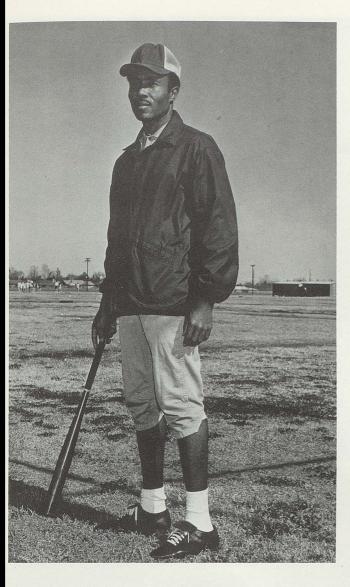

The 1974 team played in a newly formed district, 2-AAAA. There were four returning lettermen including: Craig Case, Steve Harter, David Samuel, and Mike Lewis.

Carlos Pennywell and Willie B. Mosley, two of Shreve's finest, were expecting a good season with Coach Leviston at their side to guide them through all competition. Assisting Coach Albert Leviston was Coach Clarence Conway.

## Tennis Team Ranks Third In State

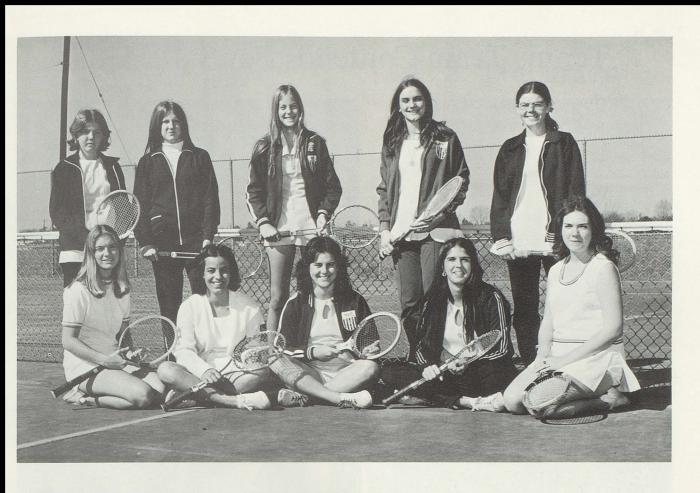

The 1973 tennis team placed third in state competitions. Contributing to the placement were Kay McDaniel, who again won singles in district and state, and Robin Baker, who went to the finals.

The 1974 tennis team practiced at Captain Shreve, Pierremont Oaks, and Riverside. The team was under the direction of Coach Hedges. 1974 was the second year for Coach Hedges to coach the Captain Shreve tennis team and it has grown and prospered under his diligent training.

#### C.S. Trackmen Give It Their All

The 1973 track team, under the direction of Coach Powell, placed fourth in district competition. Some outstanding members were Martin Poole, Craig Miller, and Joel Thomas.

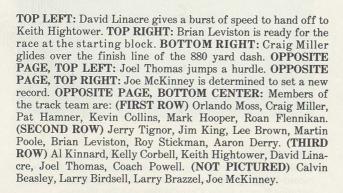

The 1974 track team, again under the direction of Coach Powell, was confident of placing in state. With Martin Poole, Craig Miller, and Pat Hamner participating in the runs and dashes, and Joel Thomas competing at the high hurdles, they had good reason to be confident of placement in state. Some of the other events included in track were: javelin, discus, broad jump, and pole vault.

## 1973 C.S. Golf Team Is Second In State

The golf team teed off and putted countless numbers of balls to finish the year ranking second in state during 1973. Some golfers who helped to achieve this state ranking were Dale Lyons, Richard Williamson, Kerry Duncan, and Jack Marshall.

The golf team of 1974 was under the direction of Mr. Bobby Horne. They practiced at Querbes and Huntingtion Park, which led to the winning of the first tournament of the year at Southwood. This victory encouraged the team members to practice even harder in order to ensure future wins.

#### Cheerleaders Boost C.S. Spirit

"G-O-O-O Gators, Chomp 'Em!" and other popular cheers proved effective in arousing spirit as the 1973-74 cheerleaders headed by Connie Davis, led the school in the support of its "Mighty Gators." The cheerleaders worked hard to maintain this spirit by making victory hoops for every game, painting banners, and planning numerous pep rallies which were aimed at student involvement.

In keeping with tradition, the girls attended cheering camp at S.M.U. In recognition of their hard work, the cheerleaders received a total of five ribbons denoting superior, excellent, and outstanding abilities. They were also rewarded with the coveted spirit stick, which is given to the most spirited cheerleaders. Sponsored by Miss Sandra McCalla, these eight girls helped to make 1973-74 the "Year of the Gators."

#### Al E. Gator Keeps On Truckin'

1974 marks the fifth year for Al E. Gator at Captain Shreve. By representing Captain Shreve at athletic events, Al E. Gator has become a symbol of respect and pride at our school. The job of Al E. was one which required many hours of attending school functions to promote Gator spirit.

Harold Rosbottom was chosen by the Student Council in the Spring 1973 to serve as Al E. Gator for the '73-'74 school year. By holding the responsibility of Al E. Gator, Harold was expected to attend football and basketball games as well as pep rallies in order to cheer with the cheerleaders. Al E.'s presence at those activities promoted student involvement.

#### Gatorettes Add To Spirit

Tremendous spirit was generated this past year at Captain Shreve; and the 1973-74 Gato-rettes did their part in promoting the enthusi-asm. The Pep Squad attended football and basketball games, to voice their support, and cheered at the pep rallies. During the football season, the Gatorettes performed various routines while marching on the field at half-time.

Off the field, the Gatorettes were responsible for several projects. Along with selling candy to raise money for out of town games, they made tombstones to commemorate the Gator victories and sponsored a door decorating contest. Under the guidance of Miss Joyce Jordan and Mrs. Alma Moore the Gatorettes had a successful and

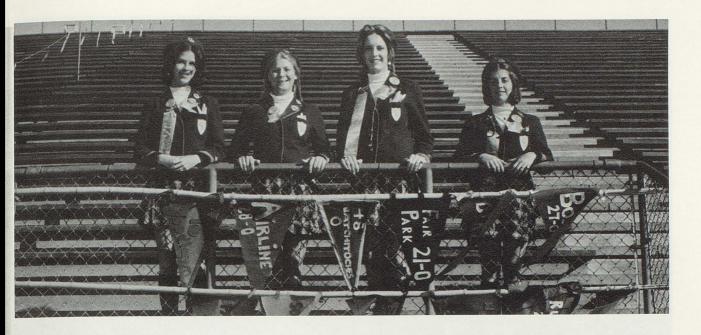

spirited year.
